A blank sheet of white graph paper featuring a uniform grid of thin gray lines. The grid consists of 10 columns and 8 rows of squares. A thicker vertical line runs down the center, separating the first five columns from the last five columns. Similarly, a thicker horizontal line runs across the middle, separating the top four rows from the bottom four rows. These two lines intersect at the center of the grid, creating a cross-like structure that divides the entire sheet into four equal quadrants. Each quadrant contains a 5x4 sub-grid of smaller squares.
